

Single-School Criteria

- a) Club must be based on a state- or nationally-accredited school that issues High School Graduation Diplomas.
- b) Club must be represented by a Roster that is limited to: players that are registered students at the High School upon which the Club is based plus up to a maximum of three (3) special exemption players in 2010 and two (2) special exemption players thereafter.
- c) Special exemption players are students that do not have an otherwise available high school contact rugby program and are students from high schools in districts that are contiguous to, or overlapping, the club district. Boundary disputes will be settled by the Rugby Oregon board of directors.
- d) It is very strongly recommended that exemption players are not seniors.
- e) Clubs must present a notebook containing, in alphabetical order, copies of player's student cards prior to the match to the opposing coach. A physical line-up of both teams will take place with both coaches checking their opponent's roster. Non-conformance is considered grounds for forfeit of the match outcome.
- f) A club may field both single-school and multi-school competitive teams. Each team must have set rosters and transfer of players between teams will not be allowed. Clubs with a second-side competing in the B-side/developmental division may have players from the competitive single-school roster play on the B-side as needed within the 90 minute regulation of playing time. At no point can a single-school add additional exemption players beyond the original number authorized. Exemption players lost due to injury or other circumstance cannot be replaced by other potential exemption players.
- g) A club will make its choice of designation as single-school prior to the start of the regular season. Changing club designation during the season will result in forfeit of post season play.
